An introduction

The Children's Farm at Ash End House Farm is a family-owned business that has been operating as an "open farm" for over 30 years. It offers a wonderful, hands-on visit to children of every age, with lots of undercover activities to suit all seasons.

Our long history of offering visits to families and groups of children from all over the Midlands means that we can provide the best facilities, range of animals and educational activities while still retaining a personal and friendly touch. Every year we add new attractions to ensure your trip is a fresh experience.

At the centre of every visit are the animals and, of course, your children.

Our well-trained, friendly guides ensure all visitors learn about the farm animals in a fun way appropriate to their age and knowledge.

Location

We are on a quiet country lane near Middleton, easily accessible by coach due to the proximity of the A4091.

Christmas Period

From the last week of November, through December, we offer a popular Nativity and Father Christmas Visit. We charge our normal group entrance fee but there is a small additional charge for the gift from Santa (£4.00). **The minimum booking and deposit at Christmas is £250, not including any optional extras (such as Play Barn add-on).**

As part of your tour, you enter our 18th century farm stables, which is staged as a Nativity Scene (with a real donkey). Children from the group participate in the Nativity Story (the first Christmas) and all are encouraged to sing songs. The children then go through to meet Father Christmas. There's more singing and each child receives their gift. While on the farm, you meet and sing to Rudolph. Please note, however, that the animal part of the tour is shorter to leave time for the Nativity Scene and Santa.
